Body Style:

Tee w/ offset give "adql" and "adqm" only if flanged all ends

Valve Expansion Control Type:

Thermostatic

Valve Equalizer Location:

External

End Application:

6115-01-591-1161; generator, heating and air conditioner

Product Name:

Valve, thermal expansion 5/8" x7/8"

Special Features:

First arm 0.63" id; second arm 0.88" id

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07100
