Bolt Hole Quantity:

8 all ends

Valve Operation Method:

Manual

Mounting Facility:

Lug

Face To Face Distance:

2.52 inches

Bolt Circle Diameter:

11.75 inches all ends

Raised Face Diameter:

10.63 inches all ends

Butterfly Valve Size:

8.00 inches

Product Name:

High performance butterfly valve

Special Features:

Pressure: ansi 150; stem: 17-4ph steel-round and key; fire safe seat;

Material:

Steel stainless stem

Material Specification:

Astm a351 cf8m assn standard single material response flow control device

Style Designator:

Straight thru

Specification Data:

81349/mil-v-24624 government specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A046b0
