Valve Operation Method:

Manual

Connection Type:

Threaded internal pipe and threaded external hose

Valve Size:

1.50 inches

Stem Type:

Nonrising

Face To Face Distance:

5.00 inches

Inlet Relationship With Outlet:

Not identical

Pressure Class:

200.00 pounds

Material:

Copper alloy disk

Furnished Items And Quantity:

1 handwheel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A500a0
