Run-in Dynamometer - Page 1 of 1

Fiig: T228-a

View Online at https://aerobasegroup.com/nsn/4910-01-086-6766

End Application:
Eara-tmde
Special Features:
Type of absorption, momentum exchange waterbrake; direction of rotation, right/left hand; torque transducer system hydraulic to 2000 lb./ft.
2712 nm; operating range, to 4000 rpm; speed system, magnetic pulse; standard equipment, adapter for sae flywheel housings 1/2-4, water
inlet/outlet hoses w/fittings; construction, rotor and starter, ductile iron; shaft, heat treated high strength steel; seals, mechanical shaft seals
and lis seals; bearings, oil bath lubricated roller bearings; wt, 250 lbs
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
