**End Application:**

Eara-tmde

**Special Features:**

Type of absorption, momentum exchange waterbrake; direction of rotation, right/left hand; torque transducer system hydraulic to 2000 lb./ft., 2712 nm; operating range, to 4000 rpm; speed system, magnetic pulse; standard equipment, adapter for sae flywheel housings 1/2-4, water inlet/outlet hoses w/fittings; construction, rotor and starter, ductile iron; shaft, heat treated high strength steel; seals, mechanical shaft seals and lis seals; bearings, oil bath lubricated roller bearings; wt, 250 lbs

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T228-a
