Product Name:

Test set, hydraulic

Functional Description:

Tests oil flow, pressure, and temperature; for systems delivering up to 200 gpm at operating pressures to 5000 psi, 100-4000 rpm; two flow scales: 0-50 gpm for low flow, 0-200 gpm for high flow; 3 9volt transistorized batteries

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
