**Overall Length:**

39.000 inches

**Overall Height:**

49.000 inches

**Overall Width:**

36.000 inches

**Voltage In Volts And Current Type:**

60.0 ac

**Special Features:**

1hp dc motor with electronic dialstone pressure control knob, expansioncontrol, performance dial indicator, adjustable work light, work support and torque bar, unique square stroke fixture, coolant line with flow control and memory set, spindle speed 0-1750 rpms

**Material:**

Steel

**General Description:**

Universal automotive honing machine, hones diameters 1/16 in to 3 1/2 in, always runs on center

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23900
