Overall Length:

39.000 inches

Overall Height:

49.000 inches

Overall Width:

36.000 inches

Voltage In Volts And Current Type:

60.0 ac

Special Features:

1hp dc motor with electronic dialstone pressure control knob, expansioncontrol, performance dial indicator, adjustable work light, work support and torque bar, unique square stroke fixture, coolant line with flow control and memory set, spindle speed 0-1750 rpms

Material:

Steel

General Description:

Universal automotive honing machine, hones diameters 1/16 in to 3 1/2 in, always runs on center

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
