Installation Design:

Hand held

Special Features:

For winding/rotor fault detection; connects to 3 phase motor; tests all types: dc, traction, servos, generators, any coil wound device; performs measurements: impedance, inductance, phase angle, resistance, frequency response; menu driven onscreen prompts; auto test mode; stores measurements up to 500 motors w/pc interface; handheld; w/case, charger, test leads, pc cable, software; lgth 9.920 in; width 4.800 in; ht 2.000 in

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
