Voltage In Volts And Current Type:

120.0 ac

Product Name:

High performance tire changer

Special Features:

Outer-clamping diameter range 12 to 26 inch; inner-clamping diameter range 14 to 26 inch; wheel width 16 inch; tire diameter 47 inch; compressed air supply 110 to 170 psi; bead break power 3500 pounds at 140 psi; power is one phase; frequency is 60 hz

Type/model Designation:

Ehp system v

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
