End Application:

J85 engine

Product Name:

Kit, tools, area adjustment turbine nozzle stg 1&2

Special Features:

C/o gage assembly stage1, gage assembly stage2, tool area adjusting stage1, tool area adjusting stage2, case assembly

Functional Description:

Measures the change in the mean flow area of turbine nozzles

Reference Data And Literature:

Drawing number 21c3111

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23800
