Overall Length:

24.000 inches

End Application:

Kc135 aircraft shutoff differential pressure regulator 108420

Product Name:

Adapter, valve test

Special Features:

Company item name-adapter, valve test

Functional Description:

Used during temperature and pressure component repair/maintenance

Reference Data And Literature:

To 9p5-5-80-3

General Description:

Stainless steel, 24.000 in. Lg, c/o flange 1, reducer 1 adapter 1, coupling 2, gasket 2 and pipe

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
