C-141 acft

**Product Name:** 

Tester, brake pressure and bleeding

**Functional Classification:** 

Gg-5.2

### **Special Features:**

Operating pressure: 0-2300 psi, capacity: low pressure 0-250 psi; high 0-2500 psi; box design; aluminum matl; connected by four, flexible hose and four bleed port adapters; o/a dim: 28.250 in. Lg., 23.250 in. W., 12.250 in.H., wt: 61.9 lbs

# **Functional Description:**

A self-contained unit designed to bleed or to check operating pressures of the c-141 main landing gear wheel hydraulic braking system

#### **Entry Date:**

70-04-01

#### **Reference Data And Literature:**

T.O. 33d2-7-21-3; t.O. 1c-14-1a-4

Shelf Life:

N/a

**Unit Of Measure:** 

--

## **Demilitarization:**

Yes - demil/mli
