**Furnished Items:**

Engine panel; aux instrument panel; generator instrument control panel; generator/csd control box; igv position transmitter; 3 vibration pickup brackets; throttle actuator bracket; lube oil consumption gauge assembly; qec fuel fuel inlet adapter; fuel inlet hose assembly; duct assemblies; 6 couplings; 2 caps; 2 thrust restraint rods; 3 thermocouple assemblies; jumper hose; 2 drain hoses; cable and harness assemblies; transit case

**End Application:**

F-4c aircraft age.; j79-ge-15 engine age.

**Usage Design:**

Bare and qec engine control

**Reference Data And Literature:**

T.O. 33d4-6-410-1

**Supplementary Features:**

Company item name-engine control kit, qec and bare

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A23800
