**Overall Length:**

56.000 inches

**Overall Width:**

18.250 inches

**End Application:**

C130a/d aircraft age.

**Product Name:**

Bladder assembly, element-sheath installation-propeller blade

**Reference Data And Literature:**

Drawing number 53h10086

**General Description:**

Used during element-sheath installation

**Fsc Application Data:**

Hydraulic propeller

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23900
