End Application:

F-111 aircraft hydraulic brake control valve package 27380-5

Product Name:

Antiskid manifold; right hand

Special Features:

Nain: manifold, anti-skid; used to simulate the left hand hydraulic portions of the anti skid systems

Functional Description:

Used to simulate right skid control valve during test procedure

Reference Data And Literature:

To 4ba4-89-3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
