End Application:

F-104g starfighter

General Description:

No. 20, c/o terminal board assembly 5; rectifier, medium power 51; electronic frequency sensor 1; electronic dc voltage sensor 1; relay module, 6 pole 3; connector 6

Fsc Application Data:

Test set, flight control system

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
