**End Application:**

F-104g starfighter

**General Description:**

No. 20, c/o terminal board assembly 5; rectifier, medium power 51; electronic frequency sensor 1; electronic dc voltage sensor 1; relay module, 6 pole 3; connector 6

**Fsc Application Data:**

Test set, flight control system

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli
