**End Application:**

J79 jet engines

**Tempurature Rating:**

300.0 degrees fahrenheit

**Wattage Rating:**

1725.00 watts

**Heating Element:**

Included

**Product Name:**

Induction heating unit-spanner nut

**Phase:**

Single

**Frequency In Hertz:**

60.0

**Functional Description:**

To heat spanner nuts (max 300deg f) for assistance in removing nuts from bearing shaft

**Reference Data And Literature:**

Drawing number 1c5440

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T276-d
