**End Application:**

F4c aircraft age.

**Product Name:**

Torque test fixture

**Nominalheight:**

61.000 inches

**Functional Description:**

Testing steering torque output and rate of power unit assembly, nose wheel steering shimmy damper system, part number omp2202-6

**Reference Data And Literature:**

To 33a3-4-27-1

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A505c0
