End Application:

C5a aircraft horizontal stabilizer nut drive actuator hydraulic control assembly

Special Features:

To name: tester, directional, control valve

Functional Description:

Used to test the pitch trim actuator mechanism after overhaul/repair

Reference Data And Literature:

To 9h5-5-309-3

Reference Number Differentiating Characteristics:

Differentiated by source control drawing

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
