End Application:
4920-625-3777
Test Item Connection Method:
Electric special purpose integral cable assembly
Product Name:
Cable assembly-switch, electrical branched-ecs valve (age)
Special Features:
Provides electical interconnection between the air cycle refrigeration subsystem flow control valves and balve test panel, also provides test
switching for actuating the flow valve solenoids
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
