Assembly Form:

Rigid

End Application:

J-85-ge series turbojet engines

Work Holding Device Position Adjustability:

Adjustable

Product Name:

Stand, position transfer, rotor

Special Features:

Company item name stand, position transfer

Reference Data And Literature:

To 2j-j85-54; serd no. 10029

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T361-c
