Nominal length:

17.750 inches

Nominal width:

11.750 inches

Nominal height:

8.000 inches

Functional Classification:

Aa-8.1

Functional Description:

Used for testing angle of attack transmitters

Reference Data And Literature:

T.O. 33d3-23-9-1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A505c0
