End Application:

Electromechanical linear actuator 540978-3-1

Special Features:

To name: shaft pressing set

Functional Description:

Used to hold bevel gear and radially position gear shaft during assembly

Reference Data And Literature:

To 8d1-61-14-3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505c0
