**End Application:**

F100-pw-100 aircraft engine

**Special Features:**

C/o test stand 120 l, 120 w, 78 h and remote electronic enclosure 75.125 h, 60.125 w, 13.000 in. Deep

**Functional Description:**

Used to perform post-overhaul tests on the turbo-jet engine fuel oil cooler used on the f100-pw-100 aircraft engine

**Entry Date:**

73-04-15

**Unpackaged Unit Weight:**

12000.000 pounds

**Reference Data And Literature:**

T.O. 33d4-6-487-1

**Supplementary Features:**

Company item name-turbojet engine fuel-oil cooler

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23800
