**End Application:**

F-111 aircraft age.

**Functional Classification:**

Aa-9.3

**Functional Description:**

Contains the necessary electrical, mechanical and hydraulic instrumentation to generate and apply selected voltages and signals simulating aircraft operational conditions to the unit under test; electrical test unit, 28.000 in. Lg, 22.000 in. W, 18.000 in. H; electromechanical test unit, 16.000 in. Lg, 18.000 in. W, 14.000 in. H; hydraulic mechanical test unit, 45.000 in. Lg, 43.000 in. W, 28.000 in. H

**Entry Date:**

71-06-01

**Reference Data And Literature:**

T.O. 33d3-9-108-1 and 33a2-2-35-1

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T361-e
