Precious Material And Location:

Pins gold

Precious Material And Weight:

0.001 gold grains, troy

Precious Material:

Gold

General Description:

48 hermetically sealed fixed film resistors, 21.5k ohmx, 1/10w, 1 pctmtd in connector plug with pin no. 26 as common junction to all resistors

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
