End Application:

F-15 acft

Nominallength:

4.250 inches

Nominaldiameter:

6.000 inches

Special Features:

Steel; company name-adapter-motor/test stand

Functional Description:

Used to mount/hold the emergency generating system hydraulic motor on thehydraulic test stand dynamometer

Unpackaged Unit Weight:

15.000 pounds

Reference Data And Literature:

Serd no. 1443

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505c0
