**End Application:**

F-15 acft

**Nominallength:**

4.250 inches

**Nominaldiameter:**

6.000 inches

**Special Features:**

Steel; company name-adapter-motor/test stand

**Functional Description:**

Used to mount/hold the emergency generating system hydraulic motor on thehydraulic test stand dynamometer

**Unpackaged Unit Weight:**

15.000 pounds

**Reference Data And Literature:**

Serd no. 1443

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A505c0
