**Functional Classification (non-core):**

Aa-9.3

**Special Features:**

120.0vac, 60.0 and 400.0hz, single phase

**Functional Description (non-core):**

Used to display on a crt voltage patterns of both high and low tension ignition systems and of vibration pickup systems on reciprocating engines

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A528p0
