End Application:

Cpu-46/a-3

Functional Classification:

Aa9.3

Functional Description:

Provides precisely controlled static and pitot pressure inputs for the calibration and test of pneumatic air data instruments

Entry Date:

72-12-01

Reference Data And Literature:

T.O. 33d7-47-33-1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
