End Application:

Constant speed transmission series 700953

Nominallength:

10.250 inches

Special Features:

C/o material: aluminum aisi 6061-t4; finish: black anodized; to name: fixture, housing

Functional Description:

Used to hold transmission and output unit during assembly and disassembly

Reference Data And Literature:

To 9h6-3-31-4

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505c0
