End Application:

F-15 acft

Unpackaged Unit Length:

9.000 inches

Functional Description:

Used to connect the unit to facility test system for modulation and leakage checks while measuring temperature and pressures

Reference Data And Literature:

Serd no. 0743

Supplementary Features:

Company item name-adapter, leakage valve

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23800
