Functional Classification:

Hh-7.1

Special Features:

C/o circuitry test set; 3 extension cables; 1 power cable; 18.000 in l, 18.000 in w, 18.500 h

Functional Description:

Used to test for short circuits, stray voltages, low insulation resistance, correct voltages

Reference Data And Literature:

T.O. 33d5-3-31-1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23800
