End Application:

Primary control hydraulic bootstrap reservoir series 72708

Special Features:

Aluminum, anodize & black oxide, 2.000 in. Dia; 12.500 in. Lg; 2.000 lbs; to name: hydraulic reservoir level gage

Functional Description:

Used during functioal test of primary control hydraulic bootstrap reservoir

Reference Data And Literature:

To 9h5-3-59-3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505c0
