End Application:

F-15 acft

Inclosure Feature:

Single item w/carrying case

Test Type For Which Designed:

Rudder travel limiter actuator; limiter/caution light

Functional Description:

Used for an electrical interconnection between aircraft 28vdc power source and the rudder travel limiter actuator and also provides a means for checking the function of the limiter/caution light and provide the capability to adjust the caution light limit switch

Reference Data And Literature:

To 1f15-4-6 & 33da20-33-1 serd 2614

Supplementary Features:

Company item name-control box, rudder travel limiter actuator

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T228-a
