End Application:	
Fuel/oil heat exchanger	
Product Name:	
Hex flow thermovalve stand asse	embly
<b>Functional Description:</b>	
Provides oil at the temperatures,	pressure and flow required to test both adg/idg and fuel thermostatic valves; accomplish pressure drop
tests	
Reference Data And Literature:	:
To 7j1-79-3	
Shelf Life:	
N/a	
Unit Of Measure:	
Demilitarization:	
No
