End Application:

Bh11j and bhj11ja

General Description:

3to supply reference voltages for calibration of pyrometers at selected scale points; to supply standard frequency signal for calibration of null balance tachometers on jet engines; 8.000 in. H; 8.000 in. L; 7.750 in. W; power cable 10.000 ft l

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
