**End Application:**

Aircraft propeller controls

**Nominallength:**

3.750 inches

**Nominalheight:**

1.680 inches

**Special Features:**

Fixture, sump relief valve

**Functional Description:**

Used to test the sump relief valve

**Reference Data And Literature:**

To 3ha2-7-3

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A505c0
