**Major Components:**

Printed wiring board 1, frame and tube shelf assembly, 1, handle 1, base shield 3, shield 3, capacitor 14, semiconductor 10, pulse delay network 2, tip jack 3, relay 4, connector 1, resistor 35, transformer 2, tube electron 3, socket 3

**End Application:**

Dynamic accuracy test set

**Component Quantity:**

86

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T01200
