Demand Oxygen Regulator Test Stand - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4920-00-767-6844

## **Special Features:**

Inlet pressure 2000 psi; inlet and outlet operating pressure 60 psi; flow rate 150 lpm; includes one 3000 psi pressure gage, 2 300 psi pressure gages, 1 rotameter p/n model10a1735, 1 regulator p/n gd61d-r-250 and loader valve p/n lv-10

## **Functional Description:**

Designed to check the pressure and flow efficiency of the oxygen shutoff valve

**Reference Data And Literature:** 

T.O. 33d2-10-27-4

## **Supplementary Features:**

Company item name-test stand oxygen valve

Shelf Life:

N/a

**Unit Of Measure:** 

--

**Demilitarization:** 

No

Fiig:

T361-f
