General Description:

Fixed; designed to test individual hydraulic units, 3000 psi operating pressure; electric-motor driven, electric power, 20 hp, ac, 220 v, 60 cycles 3 phase; w/pressure manifold subcircuits, one, 300, one, 1000, 3000 psi maximum operating pressure; w/manual pump/boost

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
