Special Features:

Aluminum, approx 23.000 in. H, 22.000 in. W, 18.000 in. Deep, consists of power supply, interconnecting system wiring and dummy loads, 115 to 20vac, 400 hz

Reference Data And Literature:

To 33d3-9-159-4

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T228-a
