**Special Features:**

Aluminum, approx 23.000 in. H, 22.000 in. W, 18.000 in. Deep, consists of power supply, interconnecting system wiring and dummy loads, 115 to 20vac, 400 hz

**Reference Data And Literature:**

To 33d3-9-159-4

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T228-a
