End Application:

F-111 aircraft age.

Functional Classification:

Aa-8.4

Special Features:

C/o two separate test fixtures, servo actuator and servo valve test fixtures convair

Functional Description:

Holds unit under test on horizontal servoactuator tester suring functional tests

Entry Date:

72-06-01

Reference Data And Literature:

T.O. 33d2-5-58-1

Relationship To Similar Equipment:

Test set, electronic p/n 12a2649, fixture, servoactuator p/n 12a2650

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23800
