End Application:

F-111 aircraft age.

Functional Classification:

Aa-8.4

Functional Description:

Holds wing sweep actuator servovalve during functional test

Entry Date:

72-01-06

Reference Data And Literature:

T.O. 33d2-5-58-1

Relationship To Similar Equipment:

Test set, electric convair p/n 12a2649

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505c0
