Overall Length:

106.000 inches

Overall Height:

80.000 inches

Overall Width:

60.000 inches

End Application:

Aircraft propeller controls

Product Name:

Test stand, integral oil control components

Functional Description:

Used to test pumps and motors

Reference Data And Literature:

To 3ha2-7-3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
