**End Application:**

F-15 acft

**Nominallength:**

9.125 inches

**Product Name:**

Holding fixture

**Nominalwidth:**

8.875 inches

**Nominalheight:**

3.875 inches

**Special Features:**

Aluminum and stainless steel

**Functional Description:**

Used to support the imu platform assembly during performance of breakaway torque test

**Unpackaged Unit Weight:**

10.000 pounds

**Reference Data And Literature:**

To 1f-15a-4-6

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A505c0
