Overall Length:

150.000 inches

Overall Height:

60.000 inches

Overall Width:

150.000 inches

End Application:

E-3a aircraft

Product Name:

Antenna pedestal storage stand

Functional Description:

Used to support the antenna pedestal with turntable attached when not installed on the air vehicle. The stand interfaces with the antenna pedestal at the air vehicle strut attach points. Stand will also support antenna pedestal with turntable detached when using lj204-29995-1 locating jig

Reference Data And Literature:

To 35-1-251-1

Special Test Features:

Proof load 17, 000lbs

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T361-a
